Summary

Introduction

Omega Agro Group is a family-owned business that was founded in March 2021 with a clear idea of creating the best plantation of *Table Grapes* in Serbia with both regular and seedless table grape varieties. We currently have 20ha planted and plan additional 80ha more.

Presentation Of The Current Plantation

Current Plantation

We currently have 20ha planted with 8 different grape varieties, water irrigation system, anti-hail net and cumulation lake. Plantation is located in the **Central Serbia** region, **Tri Morave** subregion, close to the city of Jagodina. This region is famous for several well know wineries such as: **Temet winery**, **Cilic winery**, **Lastar winery**, **Piano winery**, etc. Location was picked by conducting a numerus research of weather and land potential that gave the best results for the micro location of our plantation for Table Grape production.

Current Plantation

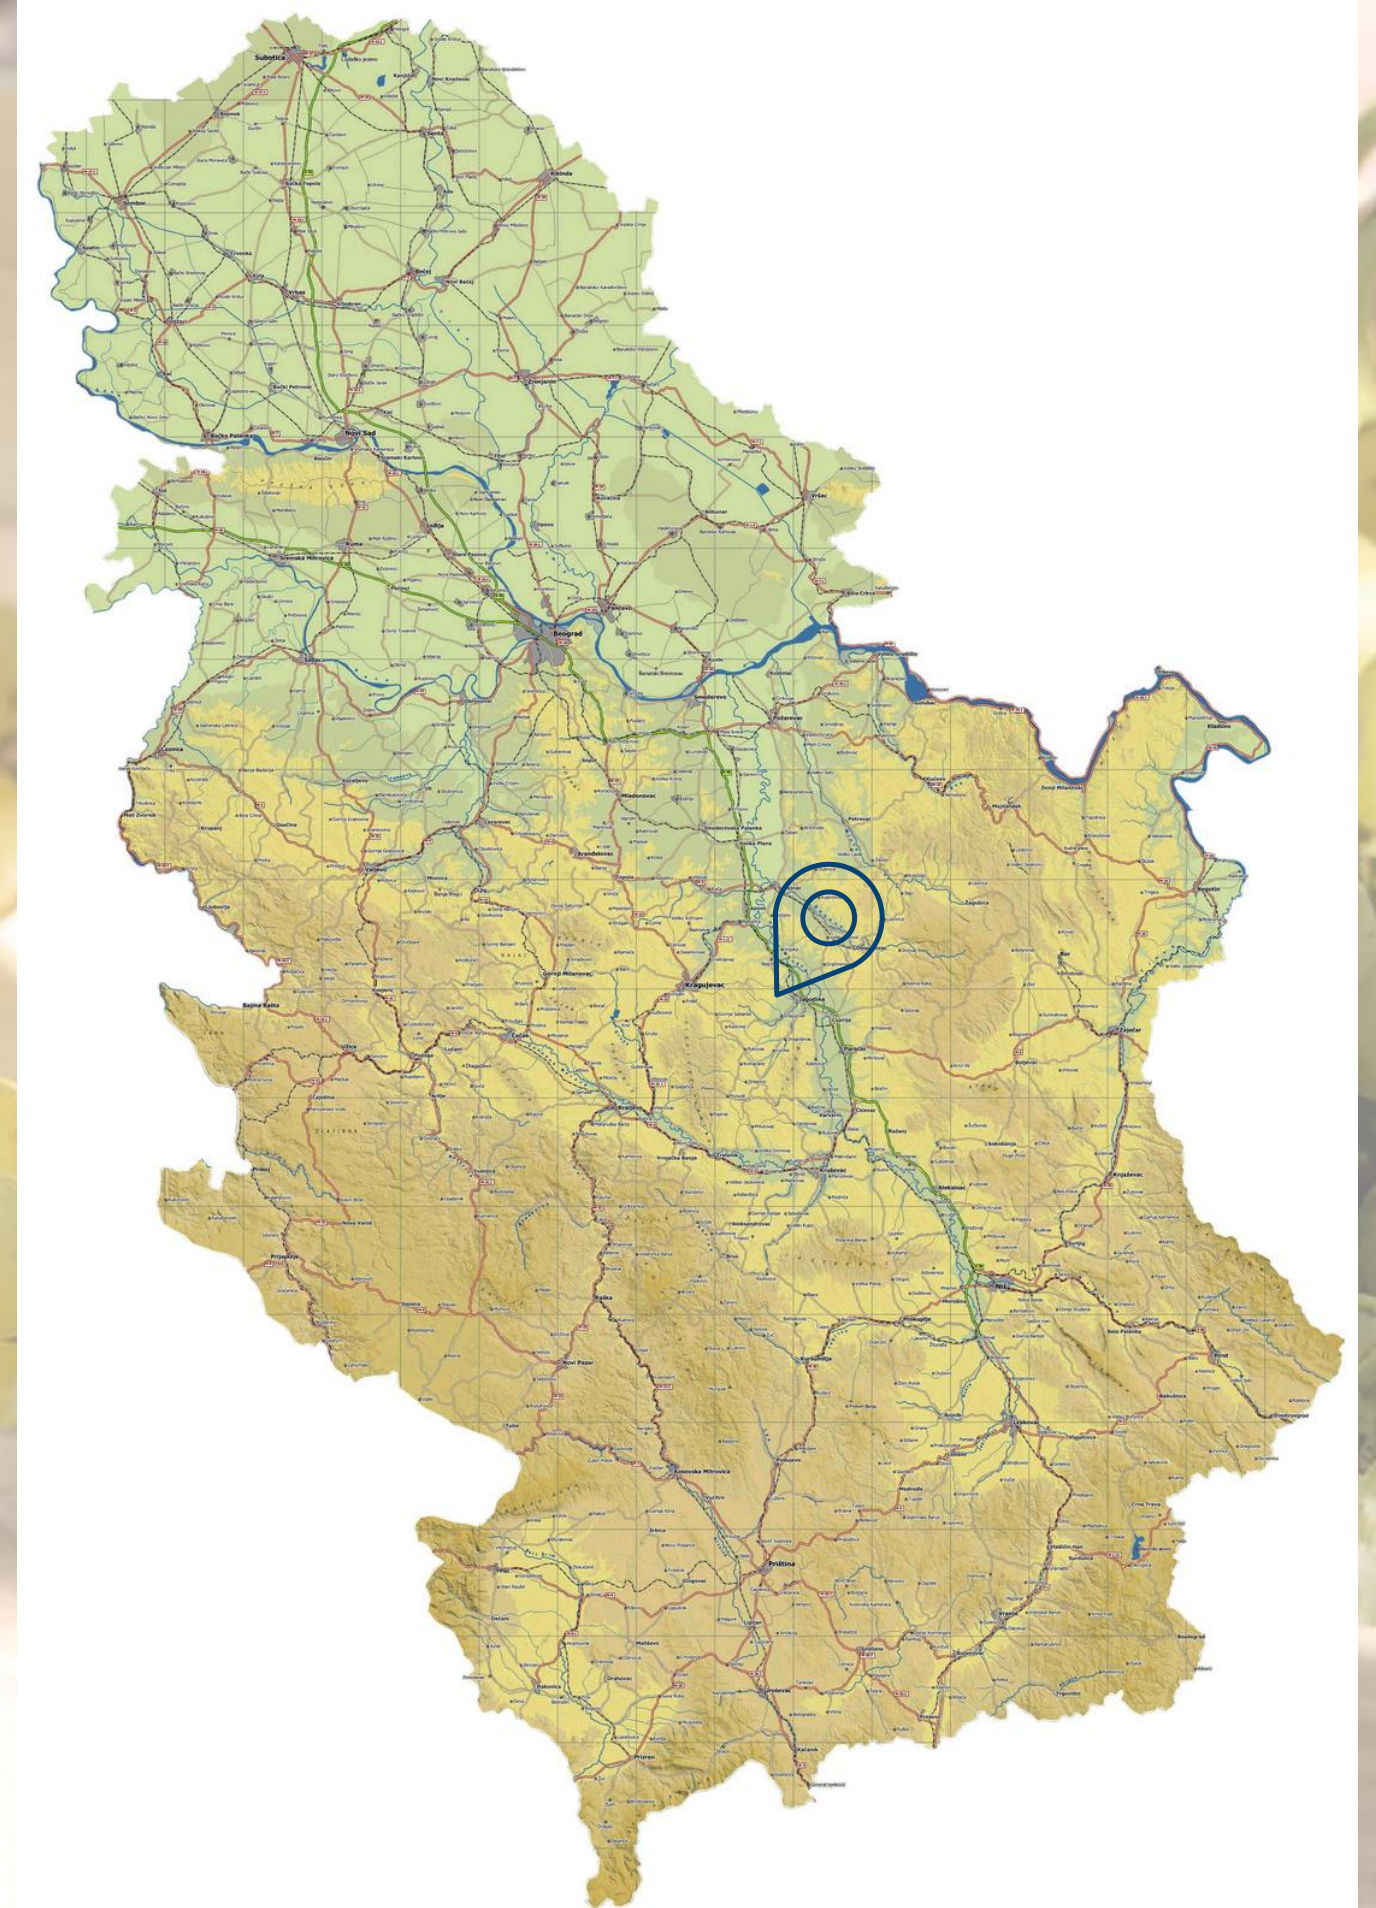

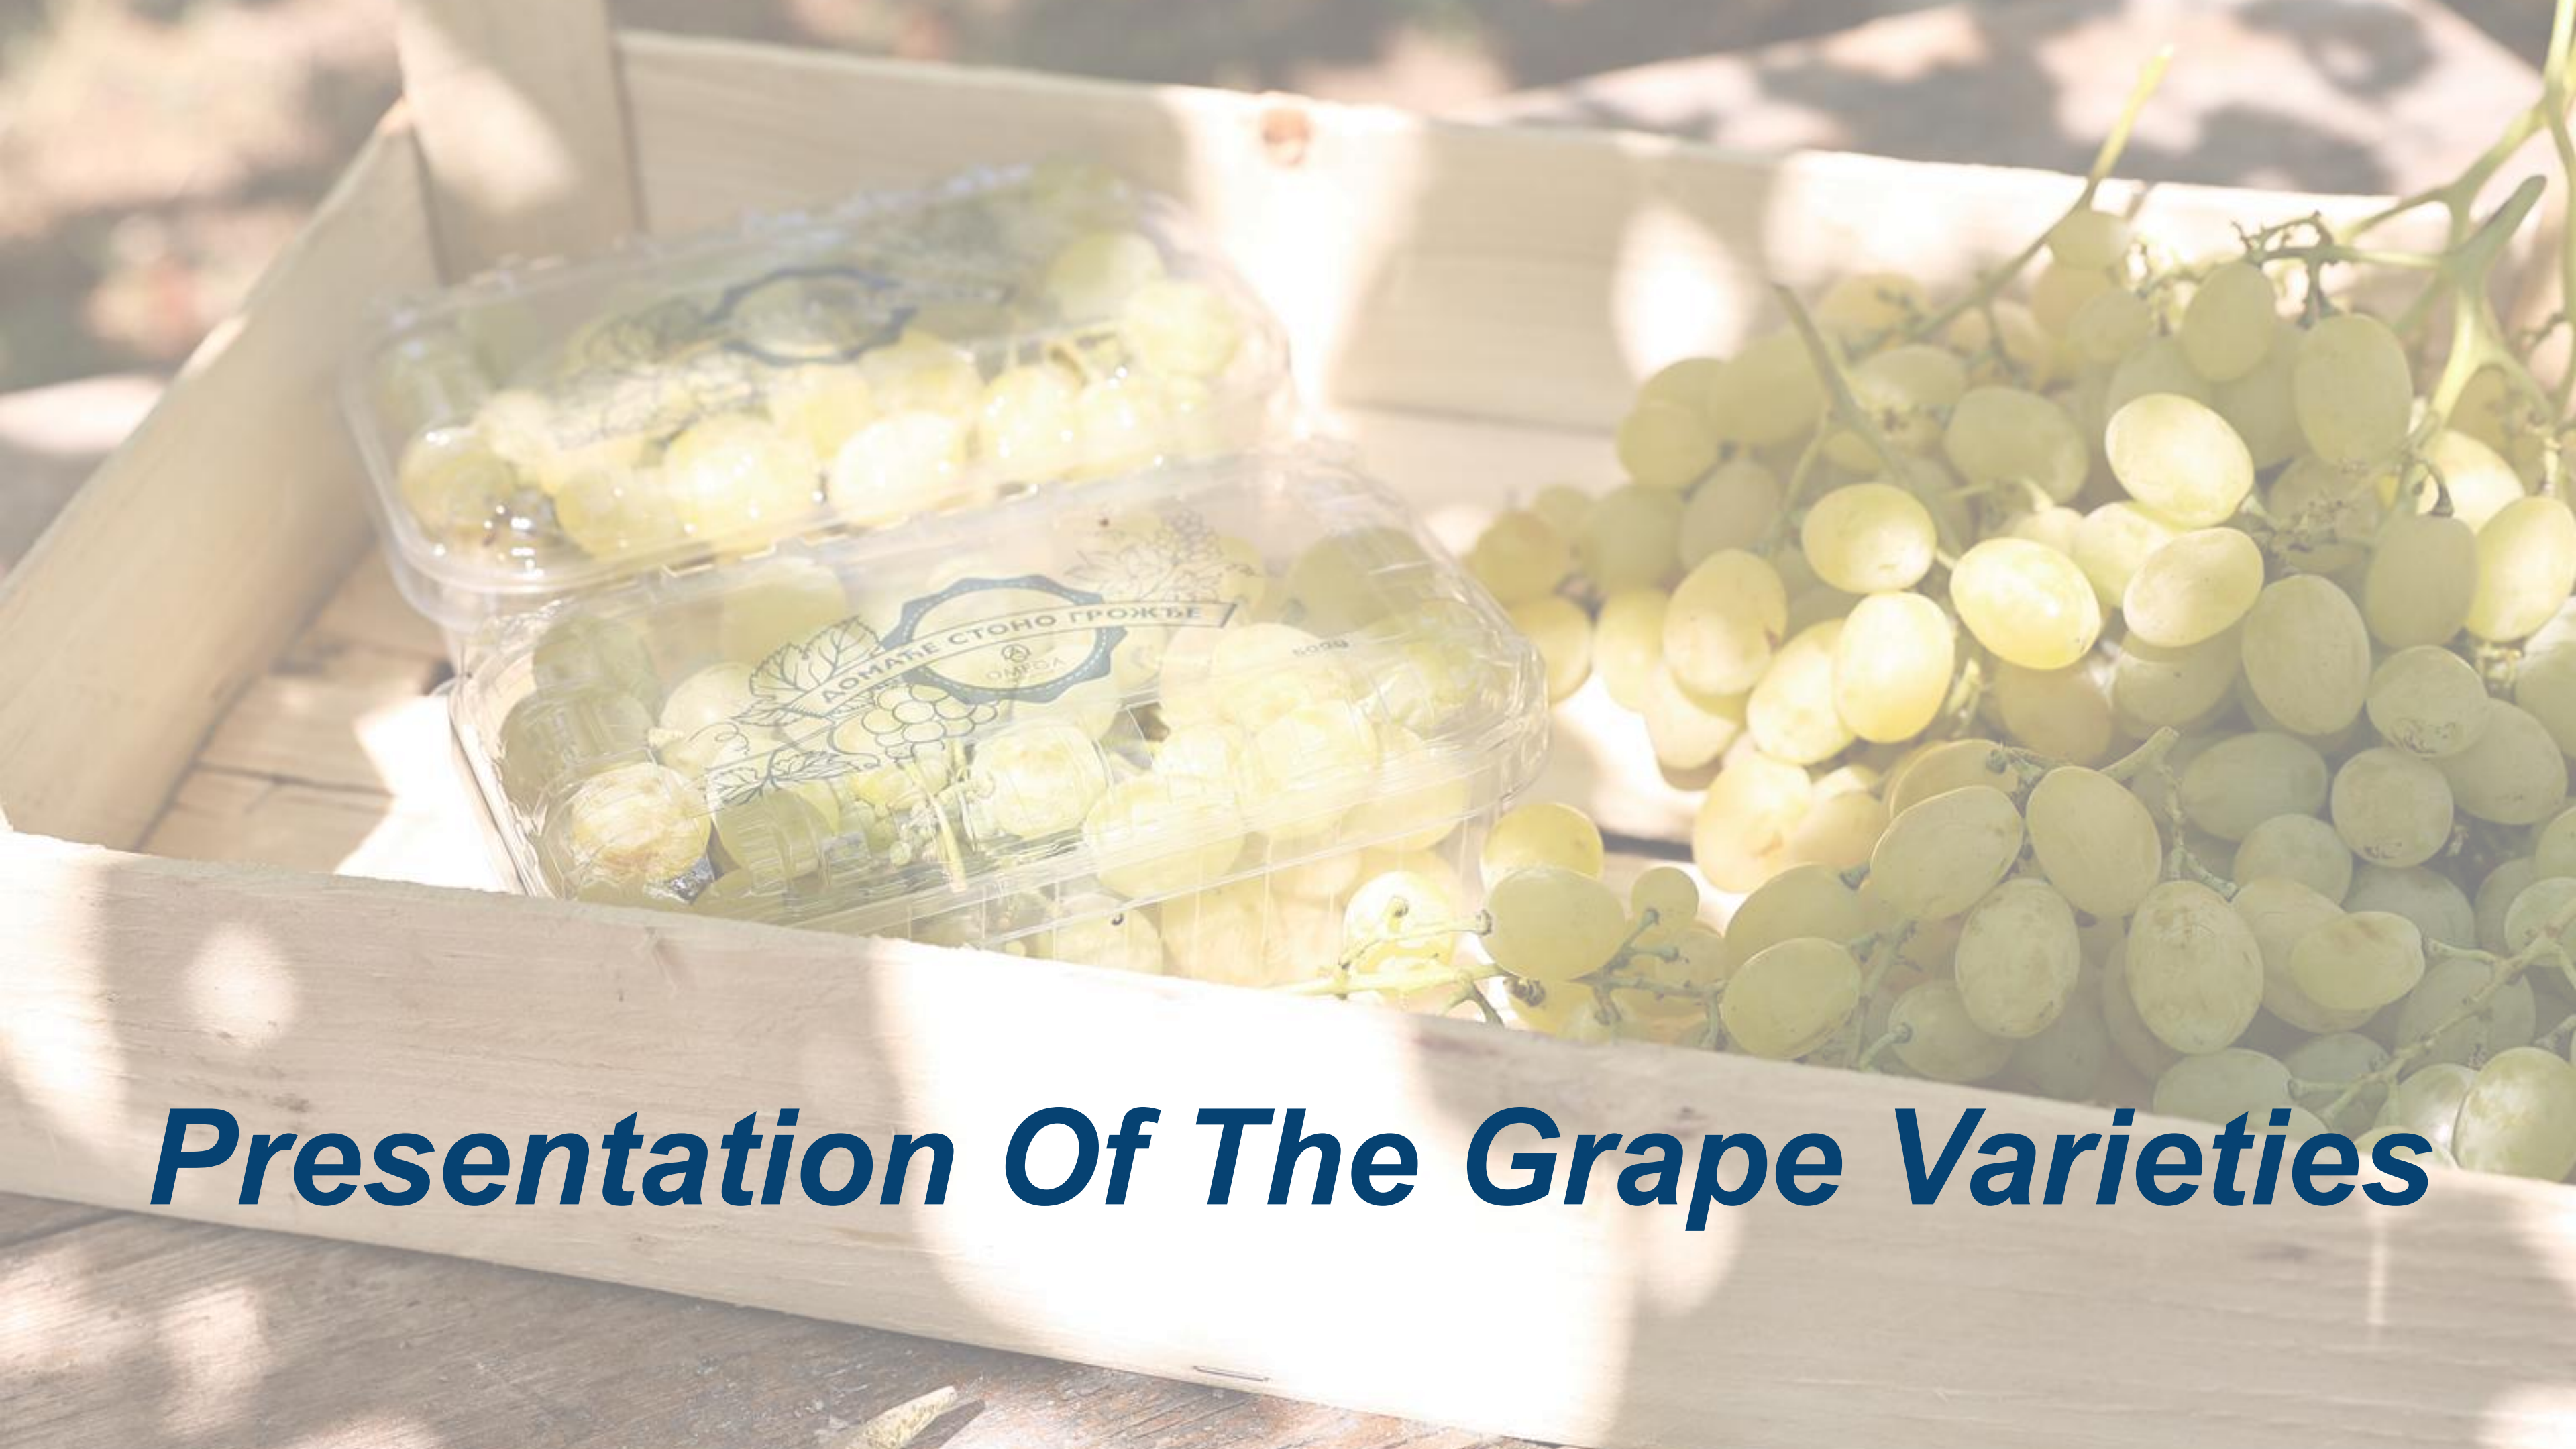

Location

- **150km from the city of Belgrade**
- **150km from Airport “Nikola Tesla”
Belgrade**
- **120km from Airport “Konstantin the Great”
Niš**
- **400km from the port of Bar, Montenegro**
- **500km from the port of Thessaloniki,
Greece**
- **700km from the port of Rijeka, Croatia**

Future Projects

In the upcoming month, we plan the implementation of a project that includes the construction of a cold storage facility that will be operational for the upcoming season, as well as the establishment of a new vineyard with table grapes covering 10ha and 12ha of peaches and nectarines plantations.

Summary

At **Omega Agro Group**, we believe in using efficient methods of production and harvest to manage agile workflow. We thrive because of our grapes and production knowledge, our market knowledge and great team behind it all.
